

## **Nina's Therapy is a success!**

Nina the Cockapoo therapy dog had a grand old time with the tenants at Cloverdale Court, Wallington when she called in to visit them on 21 March 2017.

Nina was warmly welcomed by the tenants, many of whom had had dogs throughout their lives. The tenants enjoyed Nina's company and regaled each other with their dog stories. Geoff Martin, a tenant at Cloverdale Court, recalled his dog during WW2 and how the dog always knew a few seconds ahead of when the air raid alarm would sound and how he knew when the air raid was over and the all clear was about to ring out.

Nina will be visiting several of the SHS older people sites over the coming months.
